MEMORANDUM FOR (DISTRIBUTION LIST)

SUBJECT: Department of Defense HUMINT Overview - 1988

1. I am pleased to provide you a copy of a new DIA publication produced by the Directorate for Attaches and Operations--the FY88 "DoD HUMINT Overview." It provides information on the fiscal year status of the DoD HUMINT Resources Management Program, and highlights some of the more outstanding examples of DoD HUMINT collection and reporting. The primary focus in FY88 was on HUMINT support to operational commanders. The Department of Defense and other national-level intelligence users were equally well served, however, as evidenced by the "highlights" portion of the publication.

2. My goal is to ensure that all U.S. intelligence users continue to receive the same fine support from DoD HUMINT in the future that they have come to expect based on our record to date. I am confident that an always improving, centrally managed DoD HUMINT system, together with the continued evolution and expansion of special collection programs and operations to meet new opportunities and contingencies, will go a long way toward ensuring that the expectations of our consumers are met. I commend this publication to your attention and welcome suggestions for subsequent editions.
